There are some women in my office I find attractive and would like to date them. But I have to get familiar before I do that. How do I approach them? Any help?

Make them occasional compliments, petty gifts - small stuff will make you a big man in their eyes.

You have to speak to them, they will try to find something to talk about if they like you..

Speak to them frankly. This is the best way out.

Make some attractive and dashing personality in front of her! I'm pretty sure she would like to date with you.
