Our love story began in Kremenchug. It was an ordinary day, I came on a business trip to Ukraine and at tat moment I had no idea tat it was going to be the best day of my life!

When I arrived to the hotel, she caught my eye instantly-- a brilliant smile, shining eyes, positive and friendly. Dasha is her name, offered me to keep in touch with her through the wedding agency she was registered at and I gladly accepted her offer! I wanted to know everything about her and registered on the site right after I came back home.

I have heard tat there are different agencies, tat cheat people, but uadreams did not appear to be a scam agency! We chatted almost every day and wrote many love letters to each other, it was worth it! The great services, provided by uadreams, made our communication faster and easier. After some time we decided to marry.

Uadreams scams -- is a wrong accusation, because I've been there and tried it myself. Dasha is the best woman I ever met!

yep, the miracle happens and people find each other via different dating sites and marriage agencies, but you can not deny that scam is a nonsense. very often people fall in love with fake profiles and after that are ready to get a star from heaven. People, plz, don't lose your heads, no one is responsible for your actions. I just want to thank that safe dating sites that really carry about the security!
