I'm here to tell you my love story.
I've always wanted to be with a hot, charming and smart lady. In my humble opinion, it's impossible to meet such person in USA (my motherland), so I've decided to look for her in Ukraine.
There are so many international dating sites all over the internet, but most of all I enjoyed communication with ladies on Goldenbride.net.
By the way all ladies there are really hot, so it was very hard to choose an only one LOL But I did it. My Victoria is a really Golden Bride, exactly what I was looking for.
After the year of communication we've decided to get marrige! I'm so happy now, you know..
So guys, if you are interested to find your true love, just come to the Goldenbride.net, they will help you for sure.

This is really sweet love story. Actually, I like LiveDating.me. I have found my boyfriend here 3 years ago and we are still together. And this is amazing, because we were living next to each other all my life and only thanks to this site we have found each other. over 20 years I was passing through his house and even met him, but that time it was a simple guy like any other guy on the street. Now this is my guy, my heart and my soul. Thank you LiveDating.me team for such a present!
