Hey guys! i have a problem that maybe you could help me solve. So i was at a party and got very drunk and for some reason i started cryng after a girl. She was near me and it was awkard as shit. However, now she is with a guy she wanted for a long time but that guy turns out to be a complete loser and she allways complains about him. If they break up i dont want to seem desperate and show up like right aftwr like...hey now that youre free maybe....it will make me seem like a loser being the guy waiting for her...anyway i do want to be with her but not right after she breaks up...can you help me?
