My friend suggested this foreign dating event which he took part last year. Yes, I am single and I'm looking for my bride, I don't care if she's from Asia or Latin America, what I need is a wife, that's it! While browsing through the site he suggested together with that dating event, I saw hundreds of profiles of women with their photos. Now, I'm confused. Yes, they are beautiful but are these for real? Tell me, are these photos legit or not? Are these women even real and existent?
